## ABOUT US

AL-KOR which was founded in 1970, today carries out its activities in three plants on a total indoor area of 25.000 m<sup>2</sup>, located in Turkey.

Achieving %50 of its sales through export, AL-KOR exports to 40 different points particularly in Europe, as well as Asia, Africa, and America continents.

AL-KOR celebrates its 49th anniversary with its new Arnavutkoy plant launched in Istanbul. With the new plant, AL-KOR aims to provide more effective service for its customers.

Bursa plant places a trail in terms of the size and speed of machinery capacity in the high vacuum metal coating sector in Turkey.

Working in line with lean management principles, having a high brand value in the global market, by making use of high R&D, design, and technology skills, attaching importance to education, aiming respect towards people and environment, as well as continuous development, AL-KOR has adopted the vision to its customers not only molds but a complete solution.
