

OTOM OTO TEKSTİLİ VE AKS. SAN. TİC. LTD. ŞTİ.

ABOUT US

Otom Auto Textile and Accessories is a family company that is the result of 40 years of experience gained by its founders in the sector. Aiming to reach all vehicle users, Otom was established in Sakarya in 2008. With its long years of knowledge and experience, Otom has become a company that pioneers not only the innovations in the sector, but also the firsts. Many projects and innovations carried out are the registration of this and the determination of our valued customers. Otom has improved itself with your suggestions and opinions, and has achieved many firsts that add vision to the sector with the responsibility of providing you with the highest quality service. The production adventure of our products starting from raw yarn ends in our integrated facilities with all its stages. Today, Otom is a big family with its 6000 m2 production facility, 500 m2 showroom and 200 personnel. As the Otom family, with 30 years of experience, we understand today's customer needs correctly and offer a high service quality in terms of personnel and products for customer satisfaction. Behind the success of Otom is a customer-oriented and productivity-centered management approach. As a result of this approach, OTOM with global scale in his partnership represents Turkey in more than 70 countries of the world in its sector.

OTOM as Turkey's leading company in the industry today, will continue to create value for all partners in the future.
