

RANTECH - AYZ YEDEK PARÇA

ABOUT US

RANTECH branded products are categorized under 17 main groups to keep commercial vehicles such as trucks and trailers, buses, light trucks, and vans on the road. RANTECH provides aftermarket products for the European commercial vehicle with over 60,0000 OEM reference to its business partners. In addition, RANTECH adds approximately 1,650 new products to its commercial vehicle product range every year.

RANTECH offers its products to its customers for the aftermarket of the below-mentioned brands: MAN, DAF, MERCEDES, RENAULT, VOLVO, IVECO, SCANIA.

RANTECH provides its partners with a business model that supplies all needs with a single delivery rather than working with different suppliers for each one. RANTECH offers its customers spare parts for commercial vehicles in all product groups with fast delivery, top quality, and at affordable prices.
